NAX PRO AUTOMOTIVE

Nax Pro Automotive 150mm Velcro discs

DESCRIPTION

Nax Pro Automotive is an all-round product to be used on sanding of metal, all paint systems and other surfaces. The tough, latex coated base paper makes Nax Pro Automotive a balanced, flexible product with good initial aggressivity and good durability.

Semi Open-coat aluminium oxide abrasive especially prepared for strength and durability. Velcro backing to be used with 150 mm pads. For pneumatic or electric dual action machine sanding during all stages of the repair process.

FEATURES

The full resin bonding and the even, semi-open special treated aluminium oxide grain coating provide a constant stock removal resulting in an excellent surface finish.

The special surface structure with Ca-stearate coating on 80 -180 and Zn-stearate coating on 220 - 600 guarantees good clogging resistance also when sanding materials with higher clogging
